

CURRICULUM VITAE

Personal Details

Family name: Zakaria, first name: Waad, middle name: Abdulsattar.

Sex: Male.

Date of birth: August 27, 1961, place of birth: Baghdad–Iraq.

Religion: Moslem.

Nationality: Iraqi.

Marital status: Married, having one daughter and two sons.

Languages

1. Arabic (mother language), 2. English (well spoken and written).

Academic Degrees

1983– B.Sc. in civil engineering/ Baghdad University.

1995– M.Sc. in soil mechanics and foundation engineering/ University of Technology.

2001– Ph.D. in soil mechanics and foundation engineering/ University of Technology.

A Brief of Historical Works

2005– till now: Senior lecturer in civil engineering department/ college of engineering/ Diyala University.

2000– 2006: Senior lecturer in Al-Mansour University college (MUC) for the following courses: calculus (1 and 2), statistics, numerical analysis and advanced engineering mathematics, computer languages (BASIC, FORTRAN and Pascal) with programming, computer optimization, computer simulation, and introduction to operations research.

2000– 2005: Senior member in the following committees in Al-Mansour University college (MUC): examination committee, scientific committee, and committee of unifying courses given in both the United Kingdom universities and the MUC in Iraq.

During my professional life, I had done the following activities:

1. Civil engineering designs and consulting services for many engineering firms in both, the governmental and private sectors.
2. Giving advanced courses for M.Sc. students in soil testing and foundations designs.
3. Supervision of many engineering projects in Iraq including: buildings, retaining structures, airport runway construction, high towers, and highways construction.
4. Ten researches concerning foundation engineering problems and their solutions.
